## Summary

---

As a highly skilled and dedicated Year 2 student at Rwanda Coding Academy, I bring over two years of software development experience, specializing in data science, web design, and software engineering. My expertise lies in frontend and mobile development, with a strong focus on crafting user-centric designs and impactful software solutions. I have a keen interest in leveraging cutting-edge technologies, including AI, AR, and 3D modeling, to deliver innovative and practical solutions to real-world challenges.

## Skill Highlights

---

- UI/UX Design
- Mobile Development
- Web Development
- Data Science
- Graphic Design
- Backend Development
- Frontend Development
- DevOps Engineering
- Communication Skills

## Experience

---

### UI/UX Designer- 2023 SEPT- 2023 OCT

#### Diagnoose, Rwanda

- Formulate and implement detailed marketing strategies and initiatives that support the company's mission and objectives.
- Guide, inspire, and oversee a dynamic marketing team, promoting a collaborative and performance-oriented culture.
- Ensure uniformity of the brand across all marketing platforms and materials.

### UI/UX Designer- 2024 JULY- Present

#### GOYA, Rwanda

- As a UI/UX Designer, I worked on designing their online E-coaching Platform.
- This involved creating user-friendly interfaces and ensuring a seamless experience for users and professionals accessing those services online.

### UI/UX Designer and FULL STACK DEVELOPER- 2024 Dec - Present

#### Talynk Inc, Rwanda

- I work on designing their platform for talent development.
- Development of the design on both frontend and backend for an easy user experience is also done by me.

## Languages
